Lorenz Sprengler (1720–1807), Copenhagen, recto with the collector's stamp (Lugt 1763);

Unidentified, initial "E 211" in brown ink recto (not in Lugt).

A fine, clear Meder b impression with good contrasts and little to no sign of wear, printing with light plate tone. Trimmed to or just inside the borderline. – A few isolated tiny brown spots. Some skilfully closed tears and thinning of paper, thinly lined with Japon on verso, otherwise in good condition.
