Provenienz

Johann Melchior von Birckenstock (1738–1809), Vienna and Frankfurt am Main (Cabinet Brentano-Birckenstock), with collector's stamp on the reverse (Lugt 345);

Heinrich Brockhaus Collection (1804–1874), Leipzig, in family ownership since then.

Good and strong impressions, sheet 1 in a very rare early impression, before the addresses of Orlandi and van Aelst. Each sheet trimmed to the platemark. – Paper slightly stained and minimally darkened. Sheet one with a backed loss and thinning of the paper on the reverse in the lower margin, as well as a mounting strip around the reverse, otherwise in good condition. Rare, Bohlin knows of only four etchings by the artist in total.
