Plate 22 from: Vedute di Roma (Views of Rome). An excellent strong impression, with the address and price, and the strengthened horizontal lines in the sky at the upper edge. With wide margins. – With the usual vertical centrefold. Minor age-related toning and occasional light foxing. There are small creases and handling marks, primarily visible in the margins. The edges exhibit slight wear, with minor imperfections and possible trimming. Remains of old mounting verso; good overall impression.
